Brianna Blankenship is an independent country artist from the small town of Kane, Pennsylvania.

Since then, her band has performed at some of the largest country music festivals with artists including Jimmie Allen, Dan and Shay, Chris Janson, Jason Aldean and many more. In 2021, she performed at The Barefoot Country Music Fest in New Jersey.

This past year, she performed at the WE Fest in Minnesota, and then traveled to Florida for the Country Kicks Cancer Benefit Concert where she played the main stage in between Maddie & Tae and the headliner of the night, Walker Hayes. Brianna is looking to continue to make her mark in country music in 2023.

General Fair Rules

1. All exhibitors agree to be bound by the rules and regulations of the Albion Area Fair. **All participants over 12 years old must have a booster button - Tuesday - Saturday.**
2. The Fair Management reserves the right to amend or add to these rules and regulations as its judgment may determine.
3. Reasonable care will be taken to protect all exhibits, exhibitors and spectators from injury and damage, but the Fair is not, in any way, to be held responsible for negligence on the part of spectators and exhibitors. Accidents, loss or damage of exhibits by water, fire, theft, or otherwise, whatever may be the cause or extent of the damage or loss, will not be the Fair's responsibility.
4. **All projects, livestock, and events must be pre-registered by September 1 unless otherwise stated.**
5. Entries will be made according to classification. Premiums, as listed, may be given for meritorious exhibits. In cases where there is no competition, judges may give an award such as they deem the exhibit is worthy to receive. Same rule applies where there are fewer entries in any class than the number of premiums offered. The judges may, at their discretion, award a prize or prizes of such grade as the exhibit deserves. The Fair reserves the right to determine how many entries they will accept from any exhibitor in the same class or, in case of livestock, the same breed. The decision of the judges shall be final in all cases except where mistakes, fraud, misrepresentation or collusion, not discovered at the time of the award, is proved. In such cases, the Superintendent, Manager or Secretary of the Fair show, or such referee as he/she may appoint, may make the decision with his/her approval. The case may be appealed to the Fair Management of IAFE Show Commission from whose decision there can be no appeal.
6. **It is the responsibility of the exhibitor to make known the proper name of the article or breed of livestock he/she is entering. Any item entered improperly will be disqualified and will not receive a prize/premium!**
7. All entries must be grown or produced by the exhibitor since the last fair by the person whose name appears on the entry tag. Excludes wine and beer.
8. Superintendents of a Department reserve the right to refuse acceptance of any entry. Furthermore, the superintendents reserve the right to bar from competition animals, vegetables, flowers, and manufactured articles of decidedly inferior quality and those not possessing sufficient merit to warrant recognition.
9. The Fair Management may, at any time, order the removal of any exhibit or part of exhibit in bad condition and any article unfit to show may be excluded. No exhibit may be removed before 9 p.m. Saturday except by consent of the management.
10. Exhibits not picked up by 10 p.m. Saturday will be disposed of at the discretion of the Superintendent.
11. Every exhibit accepted for premiums **MUST BE GIVEN AN ENTRY TAG**, Which must be plainly marked, showing **THE NAME OF THE EXHIBIT**. In the case of livestock, the breed name must be given on cards large enough that the breed name is readily identified by the viewers or, if the livestock is grouped together according to breeds, one large sign to designate the group will be satisfactory. However, the award ribbons must be placed on the stall or pen of the individual winners for the duration of the Fair or show. Failure to comply with this regulation **WILL RESULT IN FORFEITURE OF PREMIUMS**. It will be the duty of the Fair or Show officials to see that this regulation is followed. Where award ribbons are stolen or destroyed, the exhibitor may receive a duplicate at the close of the Fair or show, which shall be supplied by the Fair free of charge. No claims for premiums or other awards will be honored after December 31, 2023.
12. During the judging, buildings, except livestock arenas, are to be closed to everyone except fair officials, judges, and necessary attendants. No exhibitor or his agent shall communicate with the judge during time of determining the awards, except to answer questions proposed by the judges. Any exhibitor interfering with the judges while making awards shall forfeit any premium to which he/she would otherwise be entitled.
13. All livestock offered for premiums must be the property of the owner thirty (30) days or longer.
14. No person shall be allowed in the ring while stock is being judged, except judges, Superintendents and necessary attendants.
15. Should any animal awarded a prize be disqualified, the animals gaining the lower prizes shall move into the next higher position if, in the opinion of the judges, the animals are worthy of such prizes.
16. When on exhibition in the ring, each animal must be under halter and the owner or employee must have full control of animal.
17. Joint ownership considered to be as one owner in accordance with registration papers.
18. All campers and trailers must be parked in areas designated by the fair management and must pay all fees.
19. **All State & Local Ordinances will be in effect.**
20. No unauthorized persons allowed on the fair grounds after 11 p.m. any day of the fair.
21. Each animal must be judged outside of stall or pen area. No premiums paid unless the exhibit is judged.
22. Unsportsmanlike conduct is grounds for disqualification at the discretion of official in charge.
23. Any misuse of parking passes will result in loss of parking privileges.
24. Concessionaires may not have vehicles on midways after 11 a.m.
25. No dogs or any other animal not being exhibited on the fair grounds is permitted on the fairgrounds at any time. The state of Pennsylvania's definition of a service animal is identical to the ADA's definition: "Any dog which has been or is in the process of being trained as a guide dog, signal dog or has been trained to do work or perform tasks for the benefit of an individual with a disability, including, but not limited to, guiding individuals with impaired vision, alerting individuals with impaired hearing to intruders or sounds, pulling a

wheelchair or fetching dropped items.” Emotional support animals are not service animals and they do not have the same rights as each other. Service animals are allowed in public areas whereas an emotional support animal is not.(usserviceanimals.org)

26. The fair management reserves the right to remove any person(s) engaged in any type of unacceptable behavior. “Unacceptable” is purely at the discretion of the fair management. No refunds will be given to person(s) removed.
27. In accordance with Pennsylvania Crimes Code: No person shall give or offer to give away any live animal except what is permitted by Pennsylvania law as a prize in any game or contest.
28. No pets, drones, selfie sticks, sky lanterns, hover-boards, bicycles, skateboards, lasers or roller blades permitted on the fair grounds.
29. Any illegally parked vehicles will be towed at owner’s expense. All Parking Passes must remain clearly visible in the vehicle window at all times.
30. The following areas are non-smoking: Grandstand area during events, bleachers, all buildings and barns.
31. No paging except for emergencies.
32. No selling any items on fair grounds unless you are a contracted vendor.
33. Exhibitors, campers, and concessionaires must register motorized vehicles. Registration is at the lower fair office. Tags will be issued when the driver of vehicle shows the following information: A. Valid Driver’s License, B. Proof of Insurance, C. Registration fee of \$25.00. Electricians and Fair Board Members do not need to register their motorized vehicle. Motorized vehicles are to be used in the exhibit areas only. No driving on Midways.
34. No food production, open flames or hot/cold temperature controlled foods of any kind in the big tents.
35. No campfires on the campgrounds.
36. **No trucks and/or trailers are to be parked from Gate 5 to the west end of Knapp Arena prior to 9 p.m. on Saturday! No vehicle movement in front of the barns prior to 9 p.m. No exceptions!**
37. It shall not rain.

Note: Not all exhibits will be on display after 9 p.m. Saturday as entrants begin clearing barns and buildings.

The Stonehouse

(located at the main Fair entrance)

Welcomes Northwestern School District's Wildcat Ventures, FFA and Cats - R - Us

The Albion Area FFA and Wildcat Ventures programs invite you to stop by the Stone House to take a first hand look at what our students can accomplish. FFA will be selling pure maple syrup and maple products harvested from the trees by the High School. The wood projects are custom built in the woodshop by the students enrolled in the Wildcat Ventures program this past summer.

This year's projects will range from items manufactured from re-purposed items, as well as cabinets, tables and other wood items which will be for sale. Stop in and see what students have been working on. You can place an order for a more personalized item, which will be ready in time for Christmas. Also on display will be items from the various Technology classes.

The Wildcat Ventures students will be giving live demonstrations of their skills on Thursday from 10 a.m.-1 p.m.

You will find the students take a great deal of pride in their work and are willing to share their experiences with

you. Stop by and say hello to Ed Faytak, who volunteers each year to help supervise our building. The Northwestern School District is grateful to the community and the Fair for their support in displaying and purchasing our talented students' products. All the money raised will go directly to the students for various activities and incentives.

The Stone House will be open Monday - Wednesday from 3-7 p.m.; Thursday from 10 a.m.-7 p.m.; Friday from 3-9 p.m.; and Saturday from 10:30 a.m.-9 p.m. The Northwestern School District thanks you for supporting our students.

If you are a former Ag student, FFA member or just a supporter of Ag education; stop by the Stone House and get an application to become an FFA Alumni member. This group of adults will help pave the way for our FFA program and continue to preserve our rich history of the program.

Baked Food Auction

Support the Homemaking Department

Tuesday at 5 p.m. at The Gazebo

The items for auction consist of all the award winning baked food entries entered in the Fair on Monday. After the judging of the baked food items, a piece is taken for display but the rest of the product is sold to the many hungry customers waiting to bid on the blue ribbon baked goods up for auction. Our community has the best bakers in the country!

Auctioneer Tammy Loucks volunteers her time to auction

off and accept the highest bid on all the entries up for auction, with all the proceeds to help support the homemaking building in repairs, materials and decorations for the years to come at the Fair. Since its start in 1993, the baked food auction has grown to be an enormous success.

We invite you to take your chance on winning the bid on one of the delicious pies, cakes, cookies, and other desserts!

IAFE (International Association of Fairs and Expositions)

National Code of Show Ring Ethics

Exhibitors of animals at livestock shows shall at all times deport themselves with honesty and good sportsmanship. Their conduct in this competitive environment shall always reflect the highest standards of honor and dignity to promote the advancement of agricultural education. This code applies to junior as well as open class exhibitors who compete in structured classes of competition. This code applies to all livestock offered in any event at a livestock show. In addition to the "IAFE National Code of Show Ring Ethics," fairs and livestock shows may have rules and regulations, which they impose, on the local, county, state, provincial and national levels.

All youth leaders working with junior exhibitors are under an affirmative responsibility to do more than avoid improper conduct or questionable acts. Their moral values must be so certain and positive that those younger and more pliable will be influenced by their fine example. Owners, exhibitors, fitters, trainers and absolutely responsible persons who violate the code of ethics will forfeit premiums, awards and auction proceeds and shall be prohibited from future exhibition in accordance with the rules adopted by the respective fairs and livestock shows. Exhibitors who violate this code of ethics demean the integrity of all livestock exhibitors and should be prohibited from competition at all livestock shows in the United States and Canada.

The following is a list of guidelines for all exhibitors and all livestock in competitive events:

1. All exhibitors must present, upon request of fair and livestock show officials, proof of ownership, length of ownership and age of all animals entered. Misrepresentation of ownership, age or any facts relating thereto is prohibited.

2. Owners, exhibitors, fitters, trainers or absolutely responsible persons shall provide animal health certificates from licensed veterinarians upon request by fair or livestock show officials.

3. Junior exhibitors are expected to care for and groom their animals while at fairs or livestock shows.

4. Animals shall be presented to show events where they will enter the food chain free of violative drugs residues. The act of entering an animal in a livestock show is the giving of, consent by the owner, exhibitor, fitter, trainer and/or absolutely responsible person for show management to obtain any specimens of urine, saliva, blood, or other substances from the animal to be used in testing. Animals not entered in an event which culminates with the animal entering the food chain shall not be administered drugs other than in accordance with applicable federal, state and provincial statutes, regulations and rules. Livestock shall not be exhibited if the drugs administered in accordance with federal, state and provincial statutes, regulations and rules affect the animal's performance or appearance at the event.

If the laboratory report on the chemical analysis of saliva, urine, blood, or other sample taken from livestock indicates the presence of forbidden drugs or medication, this shall be prima facie evidence such substance has been administered to the animal either internally or externally. It is presumed that the sample of urine, saliva, blood, or other substances tested, by the approved laboratory to which it is sent, is the one taken from the animal in question, its integrity is preserved and all procedures of said collection and preservation, transfer to the laboratory and analysis of the sample are correct and accurate and the report received from the laboratory

pertains to the sample taken from the animal in question and correctly reflects the condition of the animal at the time the sample was taken, with the burden on the owner, exhibitor, fitter, trainer, or absolutely responsible person to prove otherwise.

At any time after an animal arrives on the fair or livestock show premises, all treatment involving the use of drugs and/or medications for the sole purpose of protecting the health of the animal shall be administered by a licensed veterinarian.

5. Any surgical procedure or injection of any foreign substance or drug or the external application of any substance (irritant, counter-irritant, or similar substance) which could affect the animal's performance or alter its natural contour, confirmation, or appearance, except external applications of substances to the hoofs or horns of animals which affect appearance only and except for surgical procedures performed by a duly licensed veterinarian for the sole purpose of protecting the health of the animal, is prohibited.

6. The use of showing and/or handling practices or devices such as striking animals to cause swelling, using electrical contrivance, or other similar practices are not acceptable and are prohibited.

7. Direct criticism or interference with the judge, fair, or livestock show management, other exhibitors, breed representatives, or show officials before, during, or after the competitive event is prohibited. In the furtherance of their official duty, all judges, fair and livestock show management, or other show officials shall be treated with courtesy, cooperation and respect and no person shall direct abusive or threatening conduct toward them.

8. No owner, exhibitor, fitter, trainer, or absolutely responsible person shall conspire with another person or persons to intentionally violate this code of ethics or knowingly contribute or cooperate with another person or persons either by affirmative action or inaction to violate this code of ethics. Violation of this rule shall subject such individual to disciplinary action.

9. The application of this code of ethics provides for absolute responsibility for an animal's condition by an owner, exhibitor, fitter, trainer or participant whether or not he or she was actually instrumental in or had actual knowledge of the treatment of the animal in contravention of this code of ethics.

10. The act of entering an animal is the giving of consent by the owner, exhibitor, fitter, trainer, or absolutely responsible person to have disciplinary action taken by the fair or livestock show for violation of the Code of Show Ring Ethics and any other rules of competition of the fair or livestock show without recourse against the fair or livestock show. The act of entering a animal is the giving of consent that any proceedings or disciplinary action taken by the fair or livestock show may be published with the name of the violator or violators in any publication of the International Association of Fairs and Expositions, including *Fairs and Expos* and any special notices to members.

11. The act of entering an animal in a fair or livestock show is the giving of verification by the owner, exhibitor, fitter, trainer, or absolutely responsible person that he or she has read the IAFE Code of Show Ring Ethics and understands the consequences of and penalties provided for actions prohibited by the code. It is further a consent that any action, which contravenes these rules and is also in violation of federal, state, or provincial statutes, regulations, or rules may be released to appropriate law enforcement authorities with jurisdiction over such infractions.

2023 Animal Health Regulations

**INFORMATION HERE APPLIES
TO ALL ANIMAL EXHIBITORS.**

**CHECK PA DEPT OF AGRICULTURE HEALTH RE-
QUIREMENTS IN THIS BOOK.**

FAIR BOARD DECISIONS ARE FINAL.

**IMPORTANT: ALL HEALTH PAPERS MUCH BE
CHECKED BEFORE UNLOADING**

Official identification of animals is required.

All animals must be free of infectious and contagious diseases.
Fair board decision is final.

Be sure to use only grooming products that are approved for use on meat and dairy animals when fitting your animals for show. Unapproved products may contain ingredients that result in unacceptable residues in the meat or milk. If you are not certain that a product is residue safe and approved for use on meat or dairy animals, do not use it!

• • • Important • • •

If upon slaughter, treatment with drugs, biologics, or any chemical from fitting products, is the cause of condemnation of a carcass, the loss of the carcass and any other damages will be borne by the exhibitor.

GUIDELINES FOR CARE OF ANIMALS

It is the responsibility of each exhibitor to care for animals in a manner that is responsible and ethical. Following are some guidelines for the treatment of animals exhibited at the show.

Restraining Animals

- Animals should be tied or penned in a manner that will not hurt the animal or restrict its breathing in any way.
- Animals should be tied so that all four feet are firmly on the ground and they have enough room to stand comfortably and lie down.
- Animals should be tied so that they are not able to injure animals

tied near them.

- Animals unaccustomed to each other should not be penned together. Any type of rough handling, which could harm the animal, is prohibited. The use of whips, canes and show sticks should be restricted to showing only and then be used only to guide the animals, not punish them. Remember, animals will respond quicker and better to quiet, gentle handling than loud, rough handling.

Bedding

All animals should have bedding that is dry and clean. Pens should be cleaned regularly to keep the animals clean and comfortable. If non-traditional bedding, such as carpeting, is used, it should be regularly cleaned (at least twice daily) to keep the pen free from manure.

Feeding and Water

Animals should be well-fed and have access to clean water regularly. Realizing that many market animals must have restricted amounts of feed to maintain the proper weight, animals must be fed adequate amounts of feed to meet the animals' basic requirements. Animals not allowed reasonable access to feed and water will be disqualified from the show.

Blanket/Sweat Collars

Any type of material, such as blankets or sweat collars, should be large enough to permit normal body functions such as breathing, eating, drinking or lying down.

Transportation

Animals should be transported in a way that is both safe and considerate of the animals well-being.

Health

It is the responsibility of the exhibitor to provide proper health care for their animals through routine inspection and consultation with health care professionals. The improper or illegal use of drugs or antibiotics is prohibited. If medication is needed, be sure to follow the label directions and allow more than the stated withdrawal time.

Rules and Regulations Governing Vegetables:

- All entries must be pre-registered using entry form in the back of this book or from the website by September 1st.

- No fungus products (mushrooms, puff balls) will be permitted in building for health reasons.
- The following factors are generally used by an expert vegetable judge:
 - Trueness to variety type. If at all possible, pick the specimens from one variety.
 - Uniformity in shape, size and color.
 - Be sure to pick out a perfect specimen, then select the others as similar to it as possible. Never mix specimens of different maturity.
 - Protect from dirt, disease, infection and mechanical damage. Select specimens that are perfect and show no blemishes of any kind.
 - Condition and maturity. Be sure exhibits are of high quality.
- Read premium material, carefully following all rules and regulations. If an entry calls for 5 specimens, be sure to exhibit that number; do not enter 4 or 6. In any instance, your exhibits will be disqualified if the correct number of specimens are not entered.

The rules Committee invites middle school and senior high school students, as well as adult amateur artists, to display their work in the building adjacent to the Education Building.

HOBBYIST: You may enter as an exhibitor in this division if you engage in a hobby or craft for pleasure. If you occasionally have the opportunity to sell your item for little or no profit, you may still enter this division.

Occasional selling is defined as seasonal selling or holiday selling - not year round activity. This item must be made during your spare time at home - exceptions being: making ceramics at ceramic class.

You may not -

- Display in a boutique or business establishment
 - Be affiliated with a place of business
 - Participate in the area of your entry unless your job description does not connect you with your craft or hobby - Such as cashier in an arts and crafts store
 - Hold a business card
 - Hold a vendor's license
 - Make your item at a place of business or at work
 - Sell at a craft show
 - Give instruction in a specified field
1. Pre-registered entries will be received from 9 a.m. - 8 p.m. on Monday of the Fair. Entered items will be available for pick up after 9 p.m. Saturday or from 10 a.m. to noon on Sunday. Please bring exhibitor number to claim entry.
 2. Entries will be judged on Tuesday and judging will be closed to the public. Judging will be from 9 a.m. to noon or UNTIL all judging is completed and the exhibits are in place.
 3. Judges may withhold awards in any class and their decision shall be final. No one will be admitted to the building while judging is in progress.
 4. NO late entries will be accepted.
 5. No piece can compete in more than one class, that is, an article can be judged only once.
 6. Original artwork (no copies) not previously shown at the Albion Area Fair will be eligible for ribbons. "Original" means not copied.
 7. No nude, sexually suggestive or violent art, photographs or crafts will be accepted.
 8. NO "For Sale" tags are permitted on any entry.
 9. It is the responsibility of the individual exhibitors to read the specific details in each section to see that their pieces qualify and fulfill the requirements of that class.
 10. Violation of any department rules constitutes a disqualification.
 11. Due to limited space, entries may not be displayed to their fullest advantage. This will not affect the judging in any way.
 12. This department is intended to show our local amateur talent. PROFESSIONAL WORK WILL NOT BE ACCEPTED. Individuals are designated "professional" if the exhibited talent is their major source of income.
 13. All entries must be made since the close of the last fair and by the exhibitor only.
 14. Photos must have been taken in the past year by the exhibitor.
 15. All photography entries are to be matted in a 11x14 mat with firm backing, 1/4" foam board preferred. This size is generally used for an 8x10 photo. If your photo is smaller ex. 5x7, it still is to be matted in an 11x14. No frames of any type and nothing with glass will be accepted
 16. Only one photo in each sub-division will be accepted up to a total of three per division.
 17. Items cannot be entered in other classes if there is a specific class already offered, i.e. if you enter a doll in "Doll, porcelain" you may not enter another porcelain doll in crafts.
 18. Names on paintings must be covered for judging.
 19. Grossly oversize/overweight items will be subject to prior authorization and may be turned down due to space availability.
 20. We encourage typed or printed paragraphs of explanation submitted with any unusual entries for benefit of viewers.
 21. Care will be taken with all items, but we are not responsible for damage to articles while on Fairgrounds.
 22. To enter the Senior Citizen division of any department, the exhibitor must be at least 65 years of age.
 23. Only clean items will be judged on neatness, method use, originality and technique. In those classes in which no competition exists, or if, in the opinion of the judges, articles are not worthy of a first award, the judge may award a second, third, honorable mention or no award. Where two items are both of equal merit, judges may award duplicate awards.

Julia Neville • Friday 8-10pm

When all is said and done... There are people who work tirelessly to be singers and there are those that have been gifted with a voice and the ability to connect with people. Julia Neville has been blessed with both. Julia's magnetic personality has been witnessed by thousands at shows across the United States. Those that came to see her were drawn back to see her again, those that have not seen Julia Neville are fans for life. Very approachable off stage Julia makes you feel like part of the Family and on stage presents one of the best Country Rock shows around. On the horizon is a host of radio singles ready to hit a local radio station near you. One of the things I have noticed is that Julia will seek out local radio stations in the market to help promote the shows that she is in town to perform at. Julia Neville is on a mission to find venues to partner with to not only grow both her fan base but also the venue that she and the band are performing at. If you have not had a chance to see Julia Neville live or sit and talk with her you are missing one of the joy's of life.

Tuesday, 7:00 p.m. - Old Albion Road Track

Darrin Dombrowski, Superintendent • 814-860-0263

Ken Kiedaisch, Asst. Superintendent • 814-853-3578

Patty Dombrowski, Secretary • 814-860-0263

Pull will be made on dirt track. Weigh-in at track from 5 - 6:30 p.m.

All contestants MUST use Old Albion Road to enter the fairgrounds.

All participants over age 12 must have a booster button or day pass to enter fairgrounds.

Rules:

1. All pullers must wear shoes, helmet, shirt and long pants.
2. Pullers and track personnel, only, allowed in the pulling area.
3. Puller and track personnel only allowed on the track unless others are authorized, personally by superintendent.
4. Whenever the sled is pulled back to the starting line, the next driver has two minutes to hook up and start his pull, after the sled is set.
5. The number one puller will be the test puller and may take the pull if working condition of the sled is satisfactory, as determined by the track judges. He may then have the option to take a second pull in the third position and forfeit the first pull distance. If the sled needs adjustment, the first puller after each adjustment will pull as the first puller of the class. All decisions must be made before the puller is unhooked from the sled. On any re-pulls caused by equipment malfunction, the puller will immediately re-hook. If the number one puller is disqualified on his test pull, he is still able to take a second pull (in the third position).
6. Once a puller drops out of the class, he may not re-enter the class.
7. Tractors can only be used in one class pull, drivers may compete in different classes on different tractors.
8. If the tractor touches lines or the sled hits the markers, the driver will be disqualified.
9. Puller may stop before the 25 foot marker and re-pull as long as they did not cross the side lines. Each puller will be given two attempts to start sled within 25 feet.
10. All tractors will be weighed and hitch height checked with the driver sitting on the seat, and with his/her helmet.
11. Front weight bar measured from center of rear axle forward may not exceed 84". Rear weight bar and weights measured from center of rear axle backward may not exceed 18". Tractor width including weights and bars may not exceed 4 feet and must fit on the scales. All weights and bars must clear the scales to avoid damaging the equipment. If the tractor fails to clear the scales (the weight bar or weights hit) you will be disqualified for the day or until the problem is rectified.
12. Weights may be moved from one place to another after weigh in as long as no more weight is added. Tractors will be confined to a line up area after crossing the scales. Any tractor leaving this area will be disqualified.
13. All weights must be safely secured to the tractor. No weights are permitted on seat or deck and cannot be higher than the seat. Anything lost during the pull is cause for disqualification. If the front of the tractor tires are in the air when the flagman flags the tractor indicating the pull is over, and the contact with the ground causes an object to be lost; the puller will not be disqualified.
14. Top 3 tractors in each class must weigh out.
15. All pullers must start with a tight hitch. All tractors must have a stationary minimum 1 1/2" horizontal "D" ring or a horizontal hitch approved by the track official. No portion of the tractor may interfere with the weight transfer machine, chain or hook during the pull or while being hooked or unhooked.
16. Any tractors may shift gears without stopping during the pull.
17. No adjustments can be made as the tractor is pulling down the track.
18. All classes must have a tractor type seat with a back or aluminum with a 3" back and the seat must stay in position during the pull. The driver must remain in the seat, but not on the seat back, with one hand, full grasp (no finger tipping) on the wheel at all times and both feet remain straddling to the tractor or be disqualified.
19. Tractor puller must keep their machines under control at all times on and off the track as determined by the track judges. No excessive speed will be permitted on the grounds of the pull. There will be only one warning, the second time you will be told to load up and leave and your entry fee will not be refunded.
20. All tractors must have a hood, grill, seat and fenders suitable for protecting the driver; and all pulleys and belts must be covered, except the starter generator belt. If tractor is not equipped with the factory side shields then you must have a 1/8" solid shield or 3/16" aluminum secured on opposite side of cam to top of the block on modified and stock altered class tractors.
21. All tractors must have working brakes and working reverse. Stock altered may choose not to have working reverse, but then must unhook themselves.
22. Only four cycle tractors are permitted.
23. Exhaust may be altered to straight pipe, but must discharge vertically, at 90° upward.
24. No dual wheels, tire chains, studded, ATV, mini sprints, 4x4 tractors, implements or webs are permitted.

25. Pump gas only, must meet .750 specific gravity. No alcohol fuels. No electric fuel pumps except in stock altered class. No pressure tanks. No additives.

Any and all protests made to a rule violation by an individual (plaintiff) must be accompanied by a \$100 fee which will be refunded to the plaintiff if the other person (defendant) is found to be in violation of any rule. If there is no violation of the rule, the money will be given to the defendant.
